Instructions in case of shortage

please substitute with close powers or another color [ ] please notify me [ ] please ship out what you have [ ]

other (please describe) [ ] _____

Notes:

* In the "Style No." column please write the style number, e.g. R1234SB-SH, a ditto mark (") can be used to denote a repeat of the style with a different color selection

** The "Total Qty." column uses a formula to sum the amounts for each row. There is no need to fill this column if number of pieces are entered to the right. This can be manually replaced with a total quantity if the powers are to be assorted by noting quantity along with "assort" to denote assorted powers (e.g. "1dz assort" = "1dozen assorted powers").

*** In the "Color" column please write the color, e.g. "assort", "black", etc.
